## MILITARY ORPHAN PRESS.

THE contract for printing between the Government of Bengal and the Military Orphan Society being about to cease, and a large quantity of Type and Material thereby set free, the Superintendent of the Military Orphan Press is authorized to inform the Public, that he is prepared to execute every description of work on the most moderate terms.

From the extent of the Stock, and the experience of the Establishment, the Superintendent is in a position to execute work with greater precision, neatness, despatch and economy than can be done at any other press in India.

In printing private documents the utmost discretion may be relied on.

Banks, Insurance Offices and Joint Stock Companies contracted with on the most liberal terms.

The Military Orphan Society, with a view to render their Establishment more complete and to keep pace with the growing demands of the Community, have indentured on Europe for an extended supply of LITHOGRAPHIC MATERIALS, of the most recent and approved description. The Stock has been specially selected by the most eminent artist in India, and will enable the Press to execute every species of Lithographic Work on moderate terms, and in the manner required by the present advanced state of this important art. Maps, Illustrated Works, Music, and Plain and Ornamental Printing, &c., of every description will be executed with accuracy and despatch.

As the Press is exclusively intended for the benefit of those who are unable to support themselves, and has long enjoyed a high local reputation, it is believed that the patronage heretofore extended to it, will be continued by the liberal and enlightened Public of India.

Special Contracts for permanent Works or large orders, will be entered into.

All communications on business to be addressed to the Superintendent of the Military Orphan Press, No. 2, Hare Street,

No. 425 of 1853.—The Most Noble the Governor General in Council is pleased to establish the following rules regarding the medical charge of soldiers and of the families of European Cavalry and Infantry Regiments left in Depot when Corps proceed on field or on foreign service.

2. For every European fighting man left in such Depot, and under the care of a Medical Officer, head money at the usual rate of twenty-five Rupees per 100 men monthly will be allowed.

3. For medical charge of such Depôts, which may contain less than one hundred (100) women and children, no allowance on account of these women and children will be admissible.

4. For charge of Depôts numbering less than six hundred (600) souls, but comprising 100 or more than that number of women and children, head money at the rate of Rupees (12-8-0) twelve and eight annas, per hundred women and children per mensem will be allowed. But should such a Depot be assigned as an additional charge to a Surgeon or Assistant Surgeon in receipt of staff salary with a Native Regiment, he will be permitted to draw head money at the above rate for such only of the women and children as may remain after completing from the numbers in Depot any deficiency in the established complement of his original charge.

5. When a Depot exceeds the complement specified in the 4th para. of this regulation, it will form a separate medical charge and a consolidated medical staff salary of Rupees (165) one hundred and sixty-five will be allowed to the Assistant Surgeon who may be specially appointed to the Depot.

6. If European recruits, or other soldiers, or women and children belonging to European Corps, not absent on field or foreign service, be placed under the Medical Officer in charge of any of the Depôts above described, they will not be considered as parts of such Depot, or as coming within the provisions of this order, but will yield head money to the Medical Officer, for the fighting men only.

Medical Officers of Artillery, who receive staff salary under Government General Order, No. 580, of 24th September 1852, will afford medical aid to men and families left in Depot by any European Troops or Companies of Artillery quitting their divisions on field or on foreign service. For this duty head money at the usual rate for European fighting men left in Depot will be granted, but no allowance will be made for attendance on the women and children.

If however under that Government General Order, the departure of such Troops or Companies deprives Medical Officers of Artillery of their medical staff allowance, the general rules contained in the second, third, fourth and fifth paragraphs of this regulation will be held applicable to them.

Revised Rules for Bonding Salt passed by the Board of Revenue L. P. in their letter to the Collector of Customs, No. 434, of 29th March, 1853, and published for general information.

I. Parties desirous of bonding imported Salt in private Warehouses, may apply to Collector of Customs for a License in the form C appended to Act No. XXV. of 1836.

If the Board are satisfied, on the Collector's Report, that the Warehouses mentioned in the application are well adapted for the secure custody of the Salt, a License will be granted under Section XIX. of the abovementioned Act, and Salt may then be bonded therein under the restrictions provided by the Act in respect of any other article of Merchandise bonded in a private Warehouse.

II. Warehouses licensed for the reception of Salt under Bond, will not be available for goods of any other description.

III. A portion of the Government Golahs at Sulea has been set apart as a public Warehouse for the reception of Salt on the same terms at a fixed rent, and will continue to be available for that purpose until required by Government.

IV. All weighing transport and storage charges will be borne by the Bondor, as also all delivery charges on the Salt being cleared out from Bond.

V. The Salt will be weighed over the Ship's side, for which purpose weighmen will be furnished from the Custom House on requisition from the Bondor, and on his complying with the forms lately prescribed by the Board their remuneration at the rate of 3 Rupees p. 100<sup>th</sup> measure.

VI. The Bondors will be required to make use of covered boats, and to provide wax and tpe for sealing the hatches. Each boat will be sealed by the Preventive Officer on board, and be furnished at the same time with the usual Boat Note, specifying the quantity placed under Seal. [Vide Notification in "Exchange Gazette" of the 11th May, 1853.]

VII. Bonded Salt will be stored under the supervision of an Officer deputed for this purpose by the Collector of Customs or the Superintendent of the Government Golahs, and it will be the duty of such Officer to receive and examine the Boat Notes, and to see, that the Seals of the hatches are entire. The Salt will not be weighed into Warehouse, but in other respects the precautions in use for storing Government Salt will be observed.

VIII. The Superintendent of the Government Golahs will report for the Board's sanction such disbursements as may be necessary for preparing Golah accommodation, or for Extra Establishment, on account of Salt Warehoused in the Golahs, all of which will, after audit, be charged to the fund derivable from Golah rents.

IX. Any Extra Establishment that may be necessary for the surveillance of Salt lodged in private Warehouses, both while it remains in Bond and on delivery, must be paid by the Bondor.

X. In settling for duty on the clearance of Salt warehoused in the Government Golahs, a deduction will be allowed on account of wastage, at a rate not exceeding two and a half per cent. upon the quantity delivered over the Ship's side. Provided, however, that if the Collector of Customs have reason to believe, that any portion of the Salt has

been clandestinely or fraudulently removed, he will be at liberty to levy duty on the entire quantity so delivered.

XI. For Salt deposited in private Warehouses, the duty will be settled on the quantity weighed over the Ship's side, according to the provisions of Section XVIII. Act XXV. of 1836.

XII. Parties desiring to Bond Salt, who may be unable to provide Warehouses so constructed and situated as, in the opinion of the Board, effectually to provide for the secure custody of Salt while under Bond, will be allowed, as before, to Warehouse their Salt under the Rules of the 28th September, 1841.

XXVI. All letters and other articles, if having a stamp or stamps affixed thereto (such stamp or stamps in every case being affixed on the outside, and being equal in value or amount to the rate or rates of postage to which such letters or other articles are liable under this Act,) shall, provided the stamp or stamps shall not have been used before, pass by the post free of postage.

XXVII. The Governor General of India in Council shall cause stamps to be provided, denoting rates or duties of six pies, and one anna, or rates or duties of such other value or amount as the said Governor General of India in Council may direct, and shall give such other orders and make such other regulations relative thereto as may be deemed expedient.

XXVIII. The rates or duties which shall be expressed or denoted by any such stamps as aforesaid, shall be under the care and management of such Officer or Officers as the Governor General of India in Council or the local Governments with the sanction of the Governor General of India in Council shall direct. And all sums of money realized by the sale of postage stamps shall be brought in the public accounts to the credit of the Post Office.

XXIX. The Governor General of India in Council, or any of the local Governments may appoint Government vendors of postage stamps, and may make rules for the regulation of such vendors of stamps, and thereby direct how and under what terms and conditions postage stamps may be supplied to them for sale; and whether any and what security shall be given by such vendors, and whether any and what remuneration or discount shall be allowed to them, and how and in what manner and at what time or times such vendors shall keep and render their accounts and pay over the proceeds of any sales made by them or re-deliver the stamps intrusted to them.

XXX. If any person so appointed a vendor of stamps shall accept the appointment he shall be bound by such rules; and in case of any wilful breach thereof shall be liable to a penalty not exceeding two hundred rupees, in addition to any other proceeding to which he may be liable.

XXXI. Any person so appointed a vendor of stamps who shall be convicted of refusing or unnecessarily delaying without reasonable excuse to furnish postage stamps to any person desiring to purchase the same, and tendering in lawful currency the full value thereof (the stamp vendor having in his possession for sale sufficient stamps of the description and value required) shall be subject to a fine not exceeding one hundred rupees.

XXXII. Any person so appointed a vendor of stamps convicted of taking from a purchaser a higher price than that denoted on the stamps sold, shall be deemed guilty of extortion, and shall be punished, on conviction, with imprisonment, with or without hard labor, for any term not exceeding six months, or to a fine not exceeding one hundred rupees, and shall also be liable to refund to the purchaser the whole amount proved to have been taken in excess, which amount may be recovered by such purchaser before a Magistrate in the same manner as any penalty under this Act.

XXXIII. If any person shall forge or counterfeit, or cause or procure to be forged, or counterfeited, any die, plate or other instrument which shall be used for the purpose of making any stamp which shall be provided as aforesaid; or if any person shall forge or imitate, or cause to be forged or imitated, any stamp or stamps which shall be provided as aforesaid; or if any person shall knowingly and without lawful excuse (the proof of which excuse shall lie on the person accused) have in his possession any false, forged or counterfeited die, plate or other instrument resembling or intended to resemble, either wholly or in part, any die, plate or instrument that shall be used for the purpose aforesaid; or if any person shall stamp or mark, or cause to be stamped or marked, any paper or other substance with any such false, forged or counterfeit die, plate or instrument as aforesaid; or if any person shall knowingly use, utter, sell, or expose for sale, or cause to be used, uttered, sold or exposed for sale, or shall knowingly and without lawful excuse (the proof of which excuse shall lie on the person accused) have in his possession any paper or other substance having thereon the impression of any such false, forged, or counterfeit die or other instrument as aforesaid; or having thereon any counterfeit stamp resembling or intended to resemble, or be mistaken for the stamp or stamps which shall be provided as aforesaid; then and in every such case every person so offending, and every person knowingly aiding, abetting or assisting any person in committing any such offence, shall be punished with imprisonment with or without hard labor, for a term not exceeding seven years, and shall also be liable to fine.

XXXIV. If any person shall fraudulently remove or cause to be removed, from any letter, newspaper, or other cover or paper any stamp or stamps provided and used as aforesaid, with intent to use or place such stamp or stamps with or upon any other letter, newspaper or other cover or paper, or otherwise to dispose of the same; or if any person shall knowingly use or cause to be used any such stamp or stamps so fraudulently removed; or if any person shall fraudulently erase or remove, or cause to be erased or removed, from any such stamp or stamps any writing or other matter or thing thereon written or impressed, with intent to use any such stamp or stamps; every person so offending shall forfeit two hundred rupees for every such offence.

XXXV. In all cases, except that of letters and packets posted for despatch to any place beyond the territories under the Government of the East India Company, it shall be optional with

parties sending any letters or packets by the post, to forward the same free of postage by means of a proper stamp or stamps placed or affixed thereon in the manner hereinafter provided; or to forward them unpaid, or in the case of parcels only, to prepay the postage in money. **Revised Rules for Bonding Salt** passed by the Board of Revenue L. P. in their letter to the Collector of Customs, No. 234, of 29th March, 1853, and published for general information.

I. Parties desirous of bonding imported Salt in private Warehouses, may apply to Collector of Customs for a License in the form C. appended to Act No. XXV, of 1836.

If the Board be satisfied, on the Collector's Report, that the Warehouses mentioned in the application are well adapted for the secure custody of the Salt, a License will be granted under Section XIX. of the abovementioned Act, and Salt may then be bonded therein under the restrictions provided by the Act in respect of any other article of Merchandise bonded in a private Warehouse.

II. Warehouses licensed for the reception of Salt under Bond, will not be available for goods of any other description.

III. A portion of the Government Golahs at Sulkea has been set apart as a public Warehouse for the reception of Salt on the same terms at a fixed rent, and will continue to be available for that purpose until required by Government.

IV. All weighing transport and storage charges will be borne by the Bondor, as also all delivery charges on the Salt being cleared out from Bond.

V. The Salt will be weighed over the Ship's side, for which purpose weighmen will be furnished from the Custom House on requisition from the Bondor, and on his complying with the forms lately prescribed by the Board for their remuneration at the rate of 3 Rupees per 1000 maunds.

VI. The Bondors will be required to make use of covered boats, and to provide wax and tapers for sealing the hatches. Each boat will be sealed by the Preventive Officer on board, and be furnished at the same time with the usual Boat Note, specifying the quantity placed under Seal. [Vide Notification in "Exchange Gazette" of the 11th May, 1853.]

VII. Bonded Salt will be stored under the supervision of an Officer deputed for this purpose by the Collector of Customs or the Superintendent of the Government Golahs, and it will be the duty of such Officer to receive and examine the Boat Notes, and to see, that the Seals of the hatches are entire. The Salt will not be weighed into Warehouse, but in other respects the precautions in use for storing Government Salt will be observed.

VIII. The Superintendent of the Government Golahs will Report for the Board's sanction such disbursements as may be necessary for preparing Golah accommodation, or for Extra Establishment, on account of Salt Warehoused in the Golahs; all of which will, after audit, be charged to the fund derivable from Golah rents.

IX. Any Extra Establishment that may be necessary for the surveillance of Salt lodged in private Warehouses, both while it remains in Bond and on delivery, must be paid by the Bondor.

X. In settling for duty on the clearance of Salt warehoused in the Government Golahs, a deduction will be allowed on account of wastage, at a rate not exceeding two and a half per cent. upon the quantity delivered over the Ship's side. Provided, however, that if the Collector of Customs have reason to believe, that any portion of the Salt has

been clandestinely or fraudulently removed, he will be at liberty to levy duty on the entire quantity so delivered.

XI. For Salt deposited in private Warehouses, the duty will be settled on the quantity weighed over the Ship's side, according to the provisions of Section XVIII. Act XXV. of 1836.

XII. Parties desiring to Bond Salt, who may be unable to provide Warehouses so constructed and situated as, in the opinion of the Board, effectually to provide for the secure custody of Salt while under Bond, will be allowed, as before, to Warehouse their Salt under the Rules of the 28th September, 1841.

5. "This decision applies to all Officers of Her Majesty's Army holding temporarily Divisional or Brigade Commands, and the General Commanding-in-Chief has given it as his opinion, that, so far as Her Majesty's Officers are concerned, the system of seniority in all cases of Military Command should continue as heretofore to be maintained."
